Our Story

Pathways Home is a charity art exhibition that gathers a collective of passionate artists, bound by their enduring love for painting and creative expression. Presented by the Art of Healing Programme, the showcase invites you to journey through works of art that breathe harmony and rhythm – each brushstroke a gentle guide for the heart and mind toward healing. 30% of proceeds will go to the IWGH Fund, helping to bring patients one step closer to the comfort of their home.

Mak Chui Yung

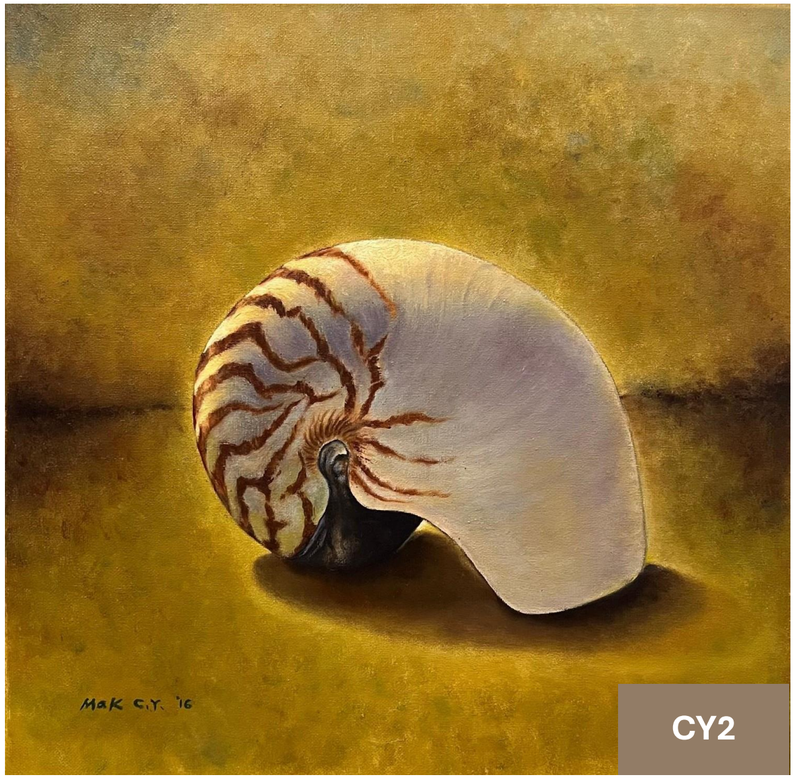

Chui Yung has been painting for over 15 years, specialising in still life oil painting and Chinese brush painting.

Through her art, she brings her imagination to life, capturing the beauty of everyday objects, and transforming the ordinary into something extraordinary - much like a blank canvas waiting to be filled.

Chang Sau Kheng

An educator with a passion for art, Sau Kheng began her oil painting journey a decade ago, a pursuit that transformed her perspective and daily life.

Her works, spanning still life, portraits or landscapes, are testaments to tenderness, vulnerability and the gentle strength of the human nature. What began as a hobby grew into a deeply therapeutic journey of self-discovery, where painting is not only expression but a steadfast companion.

Today, she hopes her art offers others the same gifts it has given her - moments of reflection, comfort and connection.
